

Aveiro Tech City Living Lab

**ANNEX IV
Final Report**

ANNEX IV TEMPLATE FOR THE FINAL REPORT

(all reported data refer to the period from the beginning of the project to the end date of the project)

The final report of the project must be delivered within 2 months from the completion date of the project.

1. PROJECT IDENTIFICATION

Designation: Project Name

Name of project representative: Name of promoter or main project representative

Project start date: year/month/day

Deadline for this progress report: year/month/day

2. ACTIONS AND ACTIVITIES UNDERTAKEN (IN ACCORDANCE WITH THE WORK PLAN INCLUDED IN THE ACCEPTANCE STATEMENT)

Description of the work carried out for the development and implementation of the project, in accordance with the Work Plan included in the Term of Acceptance (i.e., it is intended that for each stage or activity of the project's action schedule, a description of the actions carried out is made, marking the length of each stage,).

3. USE OF AVEIRO TECH CITY LIVING LAB (ATCLL) ASSETS

Description of how the assets made available in ATCLL (infrastructure and/or the urban platform for Data Management and Analytics) were used and at which stages of the project development.

4. RESULTS/OUTPUTS ACHIEVED

Description of the objectives and results achieved compared to the objectives and results/outputs initially proposed for the project, not only in qualitative but also in quantitative terms.

5. CONSTRAINTS AND DIFFICULTIES ENCOUNTERED

Description of constraints to project development and implementation, especially those related to technical or support/endorsement limitations provided by the ATCLL organisation.

6. SUGGESTIONS

All suggestions that ATCLL users might find relevant to the improvement and development of ATCLL conditions will be carefully evaluated by the organisation.
